Dear Mrs. Özyenici and Mrs. Geerts,

Thank you for your letter dated 27 March. I am pleased to see that we are making progress, and we appreciate your constructive engagement and feedback.

I would also like to share that we have now received an update from the responsible product team that after identifying some possible security investments as part of our Private Preview, the anticipated date of our Public Preview has been extended from March to May 2024. This extension will allow us the opportunity to further enhance the security measures of our services, thereby ensuring we meet the highest standards for our users. We appreciate your understanding and patience as we make these improvements.

As to your points related to the UX/UI interface and the licensing terms for inbound DANE, please also note that we have provided your feedback to the product team and will align closely with them.

Yours sincerely,
